Dear Mr. da'Costa,

With reference to the Dewan's D.O. letter No.131 dated yesterday, regarding the complaint of the District Headquarters, Madras Military District, in respect of the Military Camps behind the Indian Institute of Science, I write to say that I inspected the area this morning with the District Superintendent of Police and the Civil Officer. I called at the - Office of the Commanding Officer of the Camps and I could not meet him as he was not in the office. The only huts that I saw were five small shops erected on the roadside adjoining the village of Diwanarapalya, a hamlet of Jodi Mathikere village. I had these huts removed immediately. I did not see any other huts on the agricultural lands round about. I noticed however some cooly huts standing on the lands that have been - already handed over to the Military.

D.O. No. 131

18th July 1941.

Dear Mr. Seshadri,

The District Headquarters, Madras Military District, are complaining that small shops and insanitary huts are being built in the agricultural lands near the military camps behind the Indian Institute of Science. They have also reported that the roads improved by them are being spoilt by a large number of buses and lorries running over them for other than military purposes. I shall be glad if you will kindly let me know after local inspection how far these complaints are well founded. It is likely that the Hon'ble the Resident, the District Commander and myself will go to see the place on Tuesday next and I would therefore like to have this information as early as possible.

Yours sincerely,

Control of Institute and Jalahalli Camps.

I have the honour to bring to your notice the necessity of arranging for a measure of control over the camp areas in the neighbourhood of the Institute and Jalahalli camps, including the Prisoners of War Camp areas which have been or are being proclaimed "protected" areas.

The metalled roads from the Tumkur main road through those camps are becoming more and more heavily used by civilian traffic. Cases of dangerous driving are increasing and civilian drivers are not amenable to correction by military personnel, even officers. Uncontrolled booths and roadside shacks are also appearing on non-military land but virtually in the middle of the camp area.

It is requested, therefore, that the whole of the ground leased to the military department during the war be brought under the control of the O.C. Bangalore and Collector, Civil & Military Station for the purposes of issuing regulations and supervision of sanitation, traffic control, bazaars, hawkers and so on.

In the meantime may orders be issued to the police to establish a post in the area of the neighbourhood of the Institute or Jallahalli to enforce discipline on these military roads and to prevent unauthorised dwellings and encroachments springing up.

If any further information is required, the O.C. and Administrative Commandant, Bangalore, and A.A. & Q.M.G. of this Headquarters can discuss it with the representative of the Mysore Government or with the Collector, Civil and Military Station, Bangalore.

May the matter be treated as urgent, before any unpleasant incident arises. In the meantime it is suggested that these purely military roads be notified as closed for Civilian Motor Traffic except by licences to be issued by the Station Staff Officer, Bangalore, or the C.R.E., Madras District in the case of contractors' lorries.

CONTROL OF INSTITUTE AND JALAHALLI CAMPS.

My dear General,

I have shown your letter No.8232/92/Q1 undated informally to the Dewan and he thinks that probably the best solution of the difficulties would be for the Mysore Government to post a Civil Officer for the area adjoining the Camps to work in liaison with the Camp authorities. He would also be glad if you could arrange to show him over the site so that he may see and understand what is required. I think this is the best way of approach to the questions and would suggest that you, the Dewan and myself might go over the area on Tuesday morning next leaving here at 7-15 A.M. if that is convenient to you. I am afraid it is the only spare day I have next week.

Yours sincerely,

Control of institute of Jalahalli camps.

I am directed to state that in order to secure stricter control over the areas leased to the Military in the neighbourhood of the Indian Institute of Science and Jalahalli Camps, including the Prisoners of War Camps, Signals and Sappers, it has been suggested that the whole area should be declared as a "protected" area and that the Government of Mysore should appoint a Civil Officer (under the control of the Deputy Commissioner and District Magistrate, Bangalore) to work in close liaison with the Commandants of Camps. I am accordingly to request that, if there is no obejction, necessary action in this regard may kindly be taken as soon as possible and copies of orders that may be issued in this connection forwarded to this Residency.

2. I am also to request you to ascertain and let me know the location of the two police stations which it is understood have already been established in the Camp areas.

C.S. MK 31.7.41

Sir,

Subject:- JALAHALLI AND OTHER MILITARY CAMPS - CONTROL OF -

With reference to your letter No. P.425 dated the 29th instant, forwarding copy of letter No.F.131(B) - 40/W dated 24th July 1941, received from the Secretary to the Hon'ble the Resident on the above subject, I have the honour to state that there are two Prisoners of War Camps and two Training Camps. I am sending herewith a map showing the different Military Camps referred to above. The Jalhally Prisoners of War Camp referred to in your letter is the Prisoners of War Camp No.I. (Marked "A") on the plan). The second Prisoners of War Camp is marked "B". The Training Camp for Sappers and Miners is marked "C". This area lies just behind the Indian Institute of Science. The fourth which is marked "D" on the plan is Training Camp No.II (S.T.C. and I.M.H). The proposal made in the Residency letter quoted above is to declare the areas covered by all these four camps as protected areas. The area -- declared as protected area in Notification No.P.4470/Legis.2-40-62 dated 27th February 1941, is the Prisoners of War Camp No.I, marked "A" on the plan. At present, out of the areas occupied by the - Military Camps, this is the only area that is declared to be a - protected area under the Defence of India Rules. I am enclosing

herewith a draft notification modifying the notification quoted above, declaring the area covered by all these - camps as a protected area under Sub-rule (1) of Rule 8, of the Defence of India Rules. The notification now - proposed includes also the area marked "A" already notified as a protected area.

2. As regards the appointment of a Civil Officer for the Military area, I invite reference to Government Order No.R.579-82/L.R. 100-41-2 dated the 26th July 1941, divesting the Bangalore Sub Division Officer of the charge of the Anekal Taluk to enable him to devote sufficient time to his duties as Civil Officer. As already reported by me, this arrangement will meet the needs of the present situation.

3. In the Prisoners of War Camp No.I, a Police Station with a staff of one Sub-Inspector, one Daffedar and six - Constables has been opened. This has been sanctioned in Government Order No. P.5969-71/Pol.207-40-2 dated the 26th May 1941. This Station has jurisdiction over the two camps of the Prisoners of War (A) and (B).
